

**Notice to Parish Council of Unsuccessful Nomination of Wellspring Church and Graveyard
as an Asset of Community Value**

Dear Clerk

Further to previous correspondence in connection with the application by Save our Green Space nominating Wellspring Church and Graveyard for consideration as an Asset of Community Value, I am writing to confirm that the Council has decided not to list the property.

The reasons for declining the nomination are:

- ***Section 88(1) is not met because there is no current community use.***
- ***Section 88(2) is unlikely to be met because:***
- *The last meaningful use falls outside, of what case law considers the “recent past”. (5 years)*
- *There is insufficient evidence of any credible future community use within five years*

The property will be added to the list of unsuccessful nominations which is available on the council's website [Nomination results and ACVs | Shropshire Council](#). Should you have any queries do not hesitate to contact me. Please use the Community Rights mailbox for future correspondence.

Kind Regards,

Toni
