

**SHREWSBURY TOWN COUNCIL
RECREATION & LEISURE COMMITTEE
8th November 2023**

Officer: Ruth Jones - Office Manager

TEAM SHREWSBURY – LOCAL POLICING CHARTER

Purpose of the Report

To receive an update on the Local Policing Charter.

October 2023 Submission

The below table details the submission for October:

Shrewsbury Town Council - 3 Top Concerns For Each Councillor Ward - October 2023

Ward	Councillors	Issue 1	Issue 2	Issue 3
Abbey	Mary Davies	Speeding Belvidere Avenue/Preston Street, spot speed checks needed especially at peak times 8-9am and 5-7pm	Speeding Abbey Foregate, again, speeding is an issue (late at night especially)	Speeding Bell Lane, after a recent drink driving incident, speeding is an issue in this area which is being used as short cut to Monkmoor 4-6pm
Bagley	Alex Phillips	No Submissions Received		
Battlefield	Becky Wall	Speeding Speeding traffic on Arlington Way - along the road between the mini roundabout on Featherbed Lane and the mini roundabout by the Sundorne Retail Park. From 06:45 every morning.	No concerns (following recent enquiries)	No concerns (following recent enquiries)
Belle Vue	Kate Halliday	Speeding and Dangerous Driving On Belle Vue Road/Hereford Road. A pedestrian was hit by a car on 08.09.23	Driving Driving the wrong way up a one way road on both Old Coleham and also Bynner Street. Both roads are narrow and this can cause traffic problems and the potential for accidents.	Cycling Cycling on pavements across the ward but there are specific issues coming down Longden Road and also on the pavement on Longden Coleham, causing problems for pedestrians.
Bowbrook	Alex Wagner	No Submissions Received		
Castlefields	Alan Mosley	No Submissions Received		
Column	Rosemary Dartnall	Drugs Mereside and Pool Rise have dealing bases. A lot of dealing going on around the footbridge between Prescott Close (Sutton & Reabrook) and Pool Rise. Young lads on fast bicycles, taxis arriving, passenger making a quick exchange and then leaving. This is done openly and at all hours of the days. Clemson Way is a potential dealing base .	Speeding traffic/structural weight infringements London, Wenlock and Sutton roads are particularly impacted, and also Sutton Way. These are all in both directions. The majority of the traffic is travelling far too fast: well above the speed limit. At least 3 serious collisions, involving written-off cars parked in the last year, but ripped off wing mirrors and scratches are commonplace for residents. Speed cameras would be a great help to encourage safer driving.	Anti-social Behaviour Both single instances and ongoing poor behaviour reported on Weir Hill, Springfield and between Springfield and Sutton Farm (see 1. Re foot bridge). Very little police presence noted in the wider area.

Copthorne	Rob Wilson	Speeding Roads of particular concern: Copthorne Road, The Mount, Mytton Oak Road, Radbrook Road, Shelton Road, Richmond Drive & Oakfield Road	Anti-Social Behaviour Moving into the winter months, please pay particular attention to Radbrook Recreation Ground and Shorncliffe Recreation Ground.	Pavement Parking Obstruction of the foot and cycle way, specifically along Shelton Road/Roman Road – various times.
Harlescott	Elisabeth Roberts	Drug Dealing Increase in drug dealing across Harlescott, again being done in broad daylight. Added to this, we are seeing an increase in county lines activity, with gang members returning to old stomping ground, to make a name for themselves	Anti-social Behaviour With older teenagers. * Particularly on Greenacres playpark. * Motorised vehicles driven on greenspaces and pavements. Speeding and racing, has increased on Mount Pleasant Road and Lancaster Road	Violent Behaviour Increase in violent behaviour (resulting in assaults): * Using knives. * Group intimidation. No police seen in the area for the last few weeks, which is concerning residents as the nights are drawing in.
Meole	Bernie Bentick	ASB	Vehicle speeding	Substance dealing/abuse, including children illegally buying & using Vapes
Monkmoor	Pam Moseley	No Submissions Received		
Porthill	Julian Dean	No Submissions Received		
Quarry	Nat Green	ASB. Night time policing of anti-social behaviour particularly on Pride Hill and Shoplatch.	Speeding Along St Michaels Street & Berwick Road, normally summer time during late evening and early morning. Ideal location for speed van would be by St Micheals Skin Clinic (vehicles heading out of Town). Berwick Road - anywhere within the 40 mph speed limit. Dangerous, obstructive parking at the entrance of Beddow Close - this is a RTA offence, not a parking ticket matter.	Burglaries. Action to deal with recent burglaries and break-in attempts reported in Coton Hill.

Radbrook	Chris Lemon	<p>Dangerous Parking Associated with school traffic on Bank Farm Road and associated streets including Bank Drive, Bank Drive West, Six Acres, Riders Lea and Henlow Rise. The problem is most acute in the afternoon when vehicles park on verges, across driveways and on pavements obstructing footpaths which is especially busy with pupils walking and cycling home from school. Vehicles parking on and attempting to turn in the cul de sacs mentioned damage verges and kerbs. Vehicles also park in the bus stop at the top of Bank Farm Road when a Route 20 service is due to collect large numbers of pupil at 15.17 in the current timetable.</p>	<p>Speeding Speeding on Bank Farm Road, Hanwood Road and Red Deer Road/Squinter Pip Way. Vehicles travelling too fast make entry and exit to the properties along Hanwood road especially hazardous. With the new schools in Bowbrook Meadows due to open in September, parents with pupils will be encouraged to walk and cycle to the Primary School in particular – speeding along Squinter Pip and Red Deer Road will inevitably be a barrier to this initiative.</p>	<p>Continued monitoring of the filter on Crowmeole Lane – again with the schools due to reopen for the Autumn Term and the Lane being a popular walking and cycling route for pupils from both Secondary Schools, enforcing the filter here until the proposed ANPR cameras are installed is essential to keep motor vehicles using the Lane illegally from endangering pedestrians and cyclists.</p>
Sundorne	Kevin Pardy	<p>Criminal Damage A number of vehicles have been damaged, at night, along Albert Road, Rosedale, Roselyn. This problem is ongoing</p>	<p>Other Traffic Offences Parking, Featherbed Lane outside Haughmond Federation during pick up and drop off times. Vehicles parked across cycle path and on pavement. Pedestrians forced to walk on road.</p>	<p>Speeding and Anti-social Behaviour Loud Motorcycle(s) racing in and around Sundorne in, evenings and early mornings. Recently it has been almost everyday. Witnesses have reported on a regular basis of young people riding motorcycles on public roads and on Severn Fields football pitches. These people appear underage, do not always wear helmets.</p>
Sutton	Phil Gillam	<p>Anti-Social Behaviour Continuing and serious anti-social behaviour - seemingly connected to activities involving drugs on and around the footbridge that links Springfield Estate to Prescott Close in Sutton Farm Estate.</p>	<p>Residents have very serious worries about young people whizzing around on electric scooters, intimidating behaviour, drugs and potentially dangerous dogs, all posing a threat to older people, those with children, and the disabled. Requests being made for a police presence there, CCTV cameras and measures to slow down electric scooters.</p>	<p>No concerns (following recent enquiries)</p>

Underdale	David Vasmer	<p>Speeding Some residents on Bridgeford Way who drive down to a 90% bend at speed with the result that cars parked on the side of the road are being damaged regularly and on one occasion a car was written off. Speeding cars is still a problem on Woodcote Way and Monkmoor Road.</p>	<p>ASB Reports of a gang of teenagers causing a nuisance on Porchfield. Students from Belvidere causing problems Still remains the issue of ASB at the entrance to Castle Walk from Underdale Road – this would be an ideal place for a CCTV camera to record any ASB activity and the comings and goings of local drug dealers.</p>	<p>Drugs Problems on Armdale/Bridgeford Way and on Castle Walk underneath the footbridge.</p>
-----------	--------------	---	---	--

Agreed at R&L - 06/09/23, ratified at R&L - 08/11/23

Sent to Police - 30/09/23

Red - no submissions received

Shrewsbury Town Council - 3 Top Concerns For Each Councillor Ward - July 2023

Ward	Councillors	Issue 1	Issue 2	Issue 3
Abbey	Mary Davies	Speeding Belvidere Avenue during peak times, 8-9am and 5-6pm weekdays. People use this as a shortcut	Anti-Social Driving Preston Street – traffic in this area has increased considerably due to the new estate at Weir Hill, also I have reports of cars in this area with modifications/backfiring	Parking Parking near St Giles School Portland Crescent at drop offs and collection
Bagley	Alex Phillips	Car Break-ins Across the ward but predominantly in Greenfields and Heath Farm.		
Battlefield	Becky Wall	No Submissions Received		
Belle Vue	Kate Halliday	Crime around Trinity St/Bynner St Betton St. * Car was set on fire in Trinity St in Feb. * Assault on a male in March at the end of Betton St (at the pedestrian Bridge). * Issues of theft form gardens.	Rough sleeping and begging around Greyfriars Bridge area / Outside the Spar	Cycling on pavements on Belle Vue Road, Moreton Cres and Longden Coleham
Bowbrook	Alex Wagner	Dangerous Driver Monitoring of dangerous driving alongside Mytton Oak Road between Royal Shrewsbury Hospital and the A5 early morning - approx 6am - 8am.	Speeding. Enforcement of speeding measures around Gains Avenue and Gains Park Way.	ASB. Policing of anti-social behaviour on paths around the back of Pensfold.
Castlefields	Alan Mosley	Anti-Social Behaviour. A number of addresses in the Ditherington area have been reported to police and Home Plus as causing significant distress to neighbours.	Anti-Social Behaviour. * Still no progress on suggested CCTV installation around Castlewalk footbridge is funding from PCC possible. * Vandalism to cars by persons returning from town.	Anti-Social Behaviour. * Drug dealing/taking prevalent in known areas in Castlefields and Ditherinton. * Drinking and assembly around and behind shops in Ditherington.

Column	Rosemary Dartnall	Drugs & And Drug-Related issues. Around Sixth Form College, Springfield Estate/Mere Recreation Area, garages off Sutton Way.	Anti-Social Behaviour. Weir Hill estate and Preston St. Four children of one family causing all manner of difficulties: * Verbal abuse, attempted handbag theft, low level but upsetting pranks – door knocking and kicking, etc. babies and toddlers woken by this behaviour (normally a very quiet area). Housing Assoc tenants and Housing Assoc is aware.	Speeding. Speeding and dangerous and inconsiderate parking issues - London, Wenlock and Sutton roads are mostly impacted by this.
Copthorne	Rob Wilson	Speeding Roads of particular concern: Copthorne Road, The Mount, Mytton Oak Road, Radbrook Road, Shelton Road, Richmond Drive & Oakfield Road	Anti-Social Behaviour As the weather warms up the “beach” on the River Severn (what3words: decks.plank.police)	
Harlescott	Elisabeth Roberts	Drug Dealing Increase in drug dealing across Harlescott, again being done in broad daylight.	Anti-social behaviour with older teenagers. * Particularly on Greenacres playpark. * Motorised vehicles driven on greenspaces and pavements	Violent behaviour Increase in violent behaviour (resulting in assaults): * Using knives. * Group intimidation.
Meole	Bernie Bentick	ASB Multiple events on Meole Estate, Meole retail park, both sides of Rea Brook & recreation area, plus intimidation of residents on Meole Estate. Drug paraphernalia either side of Rea Brook.	Traffic issues: Speeding & both vehicles & cyclists driving the wrong way on 1 way roads, plus entering Meole Estate illegally from Hereford Road and illegal parking on matchdays, on verges & on pavements. Also HGVs parking & manoeuvring illegally on Longden Road & Tannersdale plus cars speeding on Longden Road.	Drugs Substance dealing and substance abuse
Monkmoor	Pam Moseley	Drug dealing in certain places - Police aware	Anti social behaviour Upton Lane - drug taking, loud music, attitudes of individuals. Occurring late evening	Speeding traffic Conway Drive (on the straight - Monkmoor Road to Galton Drive, Crowmere Road (Belvidere School end)
Porthill	Julian Dean	No Submissions Received		

Quarry	Nat Green	ASB. Night time policing of anti-social behaviour particularly on Pride Hill and Shoplatch.	Speeding Along St Michaels Street & Berwick Road, normally summer time during late evening and early morning. Ideal location for speed van would be by St Micheals Skin Clinic (vehicles heading out of Town). Berwick Road - anywhere within the 40 mph speed limit.	Burglaries. Action to deal with recent burglaries and break-in attempts reported in Coton Hill.
Radbrook	Chris Lemon	Thefts (Dwelling). Recent burglary on Falcons Way has raised concerns amongst the local residents. An increased police presence would be much appreciated, and if possible an opportunity for people to receive advice and reassurance.	Speeding Continue to be concerns with speeding on Bank Farm Road, Hanwood Road, Red Deer Road, Squinter Pip Way and Ridgebourne Road.	Drugs Reports of possible drug dealing from an address near the junction of Churchill Road and Crowmeole.
Sundorne	Kevin Pardy	Young people using electric scooters on roads School times are particularly busy - Throughout Sundorne	Parking Parking on pavements throughout Sundorne, particularly dangerous parking outside of Haughmond Federation.	Speeding Motorcycles ridden along canal path.
Sutton	Phil Gillam	No concerns (following recent enquiries)	No concerns (following recent enquiries)	No concerns (following recent enquiries)
Underdale	David Vasmer	Anti-social behaviour Particularly involving young people in the Vennington Walk/Buttington Road/Monkmoor Road/Castle Walk area. * Another bus stop panel was smashed on Woodcote Way. * Reports of a gang of teenagers causing a nuisance on Porchfield. * Students from Belvidere causing problems - what contact the Police have with the school?	Speeding Traffic Particularly along Monkmoor Road and Woodcote Way is still a problem.	Drugs. Castle Walk area. In particular the junction of Tankerville Street and Underdale Road near the entrance to Castle Walk.

Agreed at R&L - 10/05/23 & presented back to R&L on 05/07/23 following feedback from the Inspector

Previous Submissions

Shrewsbury Town Council - 3 Top Concerns For Each Councillor Ward - March 2023				
Ward	Councillors	Issue 1	Issue 2	Issue 3
Abbey	Mary Davies	Speeding on Abbey Foregate, Preston Street, Belvidere Avenue (there is also an increase in noisy cars i.e. modified exhaust and backfiring etc). There are a number of elderly people living in communal accommodation suitable for the elderly in Abbey Foregate, for example, The Cedars, Stiperstones Court and Abbey Court etc. Pavements are not suitable for mobility scooters and walking aids. There is no suitable crossing for the little Sainsburys by the Shirehall and the cars come off the roundabout at high speed which makes crossing dangerous for pedestrians. (Not sure how to go about asking the police to put up Operation Snap posters put up in this area?)	Anti-social (inc drugs) behaviour around Abbey Gardens and the public toilets and people loitering in Dark Lane and on the river path opposite the Gay Meadow development. Anti-social behaviour around the car park area by the entrance to The Elms	The temporary barriers at Belvidere Bridge, where the red and white barriers have become loose or are dislodged they are being thrown and moved by some individuals and there is the potential for these to be thrown over the bridge on to the railway line.
Bagley	Alex Phillips	Motoring - speeding, Ellesmere Road between about Ellesmere Drive and Wood Street, plus the junction with Hubert Way.	Anti-social behaviour in the parks (Greenfields Rec, Off Rough Lane) - youths with abusive behaviour, occasional evidence of drugs paraphernalia (also paraphernalia in paths by Greenfields Gardens). Incidents reported to Police.	Car break ins throughout the ward. Incidents reported to the Police.
Battlefield	Becky Wall			
Belle Vue	Kate Halliday	Anti social behaviour (including drug dealing in the open).	Dangerous driving	Issues of needles and drug use at Hermitage Green
Bowbrook	Alex Wagner	Safer roads with far stronger speeding enforcement on Gains Park Way, Gains Avenue, and Welshpool Road.	Support for anti-spiking efforts across the hospitality sector in the town, including support for new and innovative schemes.	Action to combat drug dealing taking place in unadopted car parks across Gains Park.
Castlefields	Alan Mosley			

Ward	Councillors	Issue 1	Issue 2	Issue 3
Column	Rosemary Dartnall	Speeding traffic. Particularly on London, Wenlock and Sutton roads, as well as Preston Street and Sutton Way. The narrow sections of London and Wenlock, close to Column roundabout, are particularly bad. Several collisions with parked cars have been reported in July. One resident and partner had one car written off and another damaged when a speeding car drove into a line of parked cars. The damaged car was hit again within a week of being repaired.	Drug dealing in the open – Mereside, garages behind Sutton Way and Shrewsbury College (SCAT) as well as several well-known addresses.	Police presence from time to time would be good
Copthorne	Rob Wilson	Speed enforcement (Copthorne Road, The Mount, Mytton Oak Road, Radbrook Road, Shelton Road, Richmond Drive & Oakfield Road in particular).	Anti-social behaviour (particularly Shornccliffe Park).	Higher levels of on foot/bike police visibility.
Harlescott	Elisabeth Roberts			
Meole	Bernie Bentick	Anti-social Behaviour, including fly-tipping & litter	Traffic, mainly speeding on Longden Road, Washford Road, Moneybrook Way & Stapleton Road plus illegal/inconsiderate parking	Scams, both on-line & door to door.
Monkmoor	Pam Moseley			
Porthill	Julian Dean			
Quarry	Nat Green	Public Order in the Quarry	ASB in the Town Centre	Speeding on St Michaels Street, Berwick Road
Radbrook	Chris Lemon	Speeding and road safety on Bank Farm Road, Radbrook Road, Longden Road, Red Deer Road, Ridgebourne Road & Squinter Pip Way. Particular concerns on the junction of Six Acres and Bank Farm Road - well-known conflicts between road traffic exiting Six Acres and cycles at the end of the school day. The additional speed monitoring on Bank Farm Road is appreciated, when the vans are not there the traffic continues to move too quickly. I understand a review of the additional monitoring is due in January and this would be a good opportunity to explore again the possibility of a Community Speedwatch Team.	There is still community concern within different roads off the Oakfield Estate about antisocial behaviour and possible associated drug dealing. The ASB on the Oakfield Estate does tend to be evenings and nights when it happens. Additional information sent separately.	The Crowmeole Lane filter. Pedestrians and cyclists continue to have their safety put at risk by vehicles ignoring the No Entry signs, especially works vans, delivery vans and habitual 'short-cutters'. Increased monitoring and disbursement of traffic offence notices would be very much appreciated. People walking along Crowmeole Lane can encounter illegal traffic at any time of day though.

Ward	Councillors	Issue 1	Issue 2	Issue 3
Sundorne	Kevin Pardy	Illegal Motorcycling – Youths on motorcycles riding without helmets, registration plates, underage, on roads, play areas, recreation ground.	Bullying of Schoolchildren – Reports of youths waiting at Academy school gates for individuals, and then bullying those individuals	Speeding – Speeding vehicles observed in Field Crescent, Meadow Farm Drive, Moston Road, Sundorne Avenue, Albert Road, Sundorne Road.
Sutton	Phil Gillam	Cars entering Reabrook estate at high speed via Pritchard Way at the Sutton Park roundabout. This is exactly where the local shops are located and elderly folk – as well as parents with young children – are often crossing the road at this point. Highly dangerous.	No other concerns (recent enquiries made).	No other concerns (recent enquiries made).
Underdale	David Vasmer	Anti-social behaviour particularly involving children in the Vennington Walk/Buttington Road/Monkmoor Road area although there has been some improvement.	Speeding traffic particularly along Monkmoor Road and Woodcote Way	Drugs – Armdale. Incidents reported to the Police.

Sent to Police -

Previous Submissions

Updates on previous submissions have been circulated to Members. The below tables detail previous submissions.

September 2022

Ward	Councillors	Priority 1	Priority 2	Priority 3
Abbey	Mary Davies	Speeding on Abbey Foregate, Preston Street, Belvidere Avenue	Increase in noisy cars i.e. modified exhaust and backfiring etc. There are a number of elderly people living in communal accommodation suitable for the elderly in Abbey Foregate, for example, The Cedars, Stiperstones Court and Abbey Court etc. Police to put up Operation Snap posters.	Anti-social (inc drugs) behaviour around Abbey Gardens, public toilets, Dark Lane and on the river path opposite the Gay Meadow development as well as graffiti in these locations.
Bagley	Alex Phillips	Motoring - speeding. The two main points are Ellesmere Road between about Ellesmere Drive and Wood Street, plus the junction with Hubert Way.	Anti-social behaviour in the parks (Greenfields Rec, Off Rough Lane) generally youths with abusive behaviour, occasional evidence of drugs paraphernalia (also paraphernalia in paths by Greenfields Gardens).	Theft, particularly from motor vehicles, which occurs across the award. Leaflet, but a 'do not leave your valuables' leafletting of households and/or cars may not be a bad idea, to make people a little more vigilant and deter potential criminals.
Battlefield	Becky Wall	Boy racers around the Park & Ride site	ASB in the Roseway/Roselyn/Rosedale/Albert Road area occurring late evenings with individuals throwing stones, stealing from gardens and damaging vehicles.	Speeding on Featherbed Lane, late evening.
Belle Vue	Kate Halliday	Anti social behaviour (including drug dealing in the open). Bynner Street and around the area of Longden Coleham (close to the Brewery Flats) (additional information forwarded to the Police)	Dangerous driving - speeding or motoring offences - Belle Vue Road and Hereford Road	Theft from gardens/ cars - Bynner street, Trinity St, Drawell St.
Bowbrook	Alex Wagner	Safer roads with far stronger speeding enforcement on Gains Park Way.	ASB issues around Montrose Place usually after dark and into the early hours.	No other concerns.
Castlefields	Alan Mosley	Drug dealing throughout the area, including a number of well-known properties, paraphernalia frequently found, impact on vulnerable people and young. Behaviour on those under the influence of drugs and drink.	ASB and acts of violence on and around the Castle Walk area, particularly around the Compasses pub on Long Row. Also outside the One-Stop shop in Ditherington plus drinking on the footpath steps to the rear.	Demands for 20 mph especially on Sultan and New Park Roads.
Column	Rosemary Dartnall	Speeding traffic. Particularly on London, Wenlock and Sutton roads, as well as Preston Street and Sutton Way. The narrow sections of London and Wenlock, close to Column roundabout, are particularly bad.	Drug dealing in the open – Mereside, garages behind Sutton Way and Shrewsbury College (SCAT) as well as several well-known addresses.	Parking issues at the Column (Wenlock Road - some parking infringements remain a criminal offence under the Highways Act 1980, Section 137, such as obstruction of the highway.

Copthorne	Rob Wilson	Speed enforcement (The Mount, Mytton Oak Road, Radbrook Road, Shelton Road, Richmond Drive & Oakfield Road in particular).	Anti-social behaviour (particularly Shorncliffe Park). Often broken glass left on the former parade square which suggests late night consumption of alcohol.	On and off concerns throughout Copthorne about door-to-door scams
Harlescott	Elisabeth Roberts	Huge rise in anti-social behaviour at all the play parks in the area - including Greenacres play park & surrounding housing from specific young people. One incident involving a young person threatening others with a knife. Issues occur approx 5pm onwards - 14yr olds are intimidating younger children.	Drug dealing in plain sight in the daylight, around all the play parks in Harlescott.	Illegal motorbike racing across greenspaces during the week until it gets dark and then the weekends when it's light.
Meole	Bernie Bentick	Traffic Issues. Both cars & cyclists go the wrong way up the one-way section of Vicarage Road and then Upper Road.	Vehicle speed on Moneybrook Way, the main Road through the Estate and enter at the South entrance, which is restricted to buses & emergency vehicles.	Anti-social behaviour. Complaints of drug dealing & drug taking in the vicinity of The Mary Webb Road Playground. Also groups of young people congregate at the Mary Webb Road/Shomere Road junction late in the evening & are noisy.
Monkmoor	Pam Moseley	Better response to reports of drug dealing from residences. Messages left, however no response.	Parking in cycle routes on Monkmoor Road.	ASB issues around Upton Lane & Magistrates Court with youths.
Porthill	Julian Dean	Anti-social behaviour with some drug dealing people believe - hot-spots being the river side by the rowing club, around doctors field and around the Welsh Bridge, and the area between Mountfields and the playing fields / cricket pitch.	Road speed with concerns particularly about the Mount and Copthorne Road.	Anti-social car use - vehicles that have altered timing and exhaust baffles causing rapid back fire, causing excessive noise. Vehicles race around on Friday and Saturday evenings and occasionally do a circuit through Frankwell car park causing disturbance to the retirement housing opposite Theatre Severn.
Quarry	Nat Green	Public Order in the Quarry	ASB in the Town Centre. Gatherings of individuals under the influence of alcohol/drugs on Pride Hill - public feeling intimidating. Also amplified music/preaching which verges on ASB.	Speeding on St Michaels Street, Berwick Road
Radbrook	Chris Lemon	Drug dealing from what seems to be an increasing number of locations particularly on Crowmeole Drive. (additional information forwarded to the Police)	Antisocial behaviour on Crowmeole Drive and Meadowbout Way involving individuals from away.	Speeding and dangerous driving throughout the ward, most especially still on Bank Farm Road; Hanwood Road between Edgebold and the A5; Red Deer Road and Squinter Pip Way.
Sundorne	Kevin Pardy	Anti-Social Behaviour (Severn Pitches, unlicensed motorcycling)	Drug dealing in the open and witnessed by many on the North Estate	Traffic speed within estate - speeding across the whole of the ward

Sutton	Phil Gillam	Cars entering Reabrook estate at high speed via Pritchard Way at the Sutton Park roundabout. This is exactly where the local shops are located and elderly folk – as well as parents with young children – are often crossing the road at this point. Highly dangerous.	No other concerns (recent enquiries made).	No other concerns (recent enquiries made).
Underdale	David Vasmer	ASB in the Vennington Walk/Buttington Road/Monkmoor Road area. During the day one of the residents off Monkmoor Road was driving around the area at great speed with screeching tyres when children were around. Complaints about motorcycles going up and down Monkmoor Road from the roundabout to the bottom where the road turns into Monkmoor Lane. Children smashing up garden and disability equipment which appears to have been stolen and dumping it on Vennington Walk. (additional information forwarded to the Police)	Drug related activity. Bridgeford Way, underneath the Castle Walk bridge and nearby at the picnic tables. (additional information forwarded to the Police)	Speeding traffic and safety issues for cyclists and pedestrians. The main hot spots for speeding traffic are Monkmoor Road, Racecourse Crescent as people come off the inner ring road and Woodcote Way (where there was an accident within the last 6 months near the traffic lights) which is very busy during term time.

E-mailed revised Priorities to Police - 30/09/22

March 2022

Ward	Councillors	Issue 1	Issue 2	Issue 3
Abbey	Mary Davies	Speeding on Abbey Foregate, Preston Street, Belvidere Avenue (there is also an increase in noisy cars i.e. modified exhaust and backfiring etc). There are a number of elderly people living in communal accommodation suitable for the elderly in Abbey Foregate, for example, The Cedars, Stiperstones Court and Abbey Court etc. Pavements are not suitable for mobility scooters and walking aids. There is no suitable crossing for the little Sainsburys by the Shirehall and the cars come off the roundabout at high speed which makes crossing dangerous for pedestrians. (Not sure how to go about asking the police to put up Operation Snap posters in this area?)	Anti-social (inc drugs) behaviour around Abbey Gardens and the public toilets and people loitering in Dark Lane and on the river path opposite the Gay Meadow development. Anti-social behaviour around the car park area by the entrance to The Elms	The temporary barriers at Belvidere Bridge, when the red and white barriers become loose or are dislodged they are being thrown and moved and there is the potential for these to be thrown over the bridge on to the railway line.
Bagley	Alex Phillips	Anti Social Behaviour (particularly Greenfields Rec and the new sweet shop on Wood Street)	Speeding motorists down Ellesmere Road	Car break ins over the ward (encourage reporting, increase patrols)
Battlefield	Becky Wall	Boy Racers around the Park & Ride Site	ASB in the Roseway/Roselyn/Rosedale/Albert Road area	Speeding on Featherbed Lane
Belle Vue	Kate Halliday	Anti social behaviour (including drug dealing in the open).	Dangerous driving	Theft from gardens/ cars
Bowbrook	Alex Wagner	Safer roads with far stronger speeding enforcement on Gains Park Way.	Continuing to positively engage with the community in areas of higher social deprivation, a more open police presence hopefully having an impact on getting anti-social behaviour down.	Better enforcement of abandoned vehicles, which are rife throughout Gains Park.
Castlefields	Alan Mosley	Drug dealing throughout the area, including a number of well-known properties, paraphernalia frequently found, impact on vulnerable people and young. Behaviour on those under the influence of drugs and drink. Overgrown landscape areas as basis for such activities. Call for adequate CCTV to deter.	ASB and acts of violence on and around the Castle Walk area. Need for frequent Police walk throughs.	Some concerns about streetlamp shut downs in places.

Column	Rosemary Dartnall	Speeding and noisy traffic around London, Wenlock, Ebnal roads – residents have complained about this and say that the noisy cars seem to come from SCAT students enrolled at the college. Most traffic on these roads and Sutton Rd and Sutton Way enter the area driving too fast for narrow residential streets. All the roads listed suffer from traffic travelling far too fast, seemingly passing through Column – many people cut through from north of the town, via London and Ebnal roads through Sutton Way, Sutton Rd to get to Meole Brace, Aldi and STFC. One resident reported registration numbers of noisy cars with modified exhausts/engines set to cause disturbance.	Drug dealing – dealers selling heroin freely and openly around Mereside and around Springfield, as well as outside SCAT.	Police presence. This is essential and urgent – I have never seen a police officers in Column, other than the one PC who came to my surgery and the occasional arrival of the speed detectors.
Cophorne	Rob Wilson	Speed enforcement (The Mount, Mytton Oak Road, Radbrook Road, Shelton Road, Richmond Drive & Oakfield Road in particular).	Anti-social behaviour (particularly Shorncliffe Park).	Higher levels of on foot/bike police visibility.
Harlescott	Elisabeth Roberts	Drug deals extremely common and left unchecked, with children regularly being dragged into help.	Police officers stay in their vehicles, when they need to get out and be seen amongst the community.	Act on anti-social behaviour and theft, which is directly associated to drugs, they need to be evicted from their properties when enough evidence is found.

Meole	Bernie Bentick	<p>Traffic Issues. Inconsiderate road users, mainly lorries, vans, cars & cyclists. Vehicles drive above 20 mph, argue about right of way on narrow sections, park on pavements, verges, yellow lines, in front of residents' drives & also use Meole Village as a rat run between Longden Road & Roman Road, to avoid the Longden Road/Roman Road roundabout. Both cars & cyclists go the wrong way up the one-way section of Vicarage Road and then Upper Road. On Meole Estate & Pulley Lane, there are complaints of illegal parking on Football Match-days, despite warning signs at the entry points & also the opening of Meole Park. Also, vehicles speed on Moneybrook Way, the main Road through the Estate and enter at the South entrance, which is restricted to buses & emergency vehicles.</p>	<p>Anti-social behaviour. Problems of limited recreational facilities throughout Meole, but this is most felt on Meole Estate. Complaints of drug dealing & drug taking in the vicinity of The Mary Webb Road Playground. Constant littering, particularly of disposables from Mc Donalds. Sainsbury's shopping trolleys are left all over the Estate, including in The Rea Brook. Fly tipping is a regular occurrence. Groups of young people occasionally congregate at the Mary Webb Road/Shomere Road junction late in the evening & are noisy. A resident's TV aerial was torn off its mounting & damaged.</p>	<p>Door-step con-men. Multiple Meole residents report con-men offering to do external house repairs or improvements & some have given money.</p>
Monkmoor	Pam Moseley	<p>Better response to reports of drug dealing from residences.</p>	<p>Doing something about parking in cycle routes (rather than driving straight past en route to Monkmoor police station)</p>	<p>Providing a visible presence in the community.</p>
Porthill	Julian Dean	<p>Anti-social behaviour with some drug dealing people believe - hot-spots being the river side by the rowing club, around doctors field and around the Welsh Bridge, and the area between Mountfields and the playing fields / cricket pitch.</p>	<p>Road speed with concerns particularly about the Mount and Copthorne Road & dealing with illegally or abandoned veicles.</p>	<p>Anti-social car use - vehicles that have atered timing and exhaust baffles causing rapid back fire, causing excessive noise. Vehicles race around on Friday and Saturday evenings and occassionally do a circuit through Frankwell car park causing disturbance to the retirement housing opposite Theatre Severn.</p>
Quarry	Nat Green	<p>Public Order in the Quarry</p>	<p>ASB in the Town Centre</p>	<p>Speeding on St Michaels Street, Berwick Road</p>

Radbrook	Chris Lemon	Continued close monitoring of speeds on Bank Farm Road to ensure safety of pedestrians and cyclists using and crossing the road, especially at school times.	Continued monitoring of the filter on Crowmeole Lane to ensure compliance with the ban on vehicular traffic there, excepting buses, pedestrians and cycles.	Monitoring of possible drug dealing near the junction of Churchill Road and Crowmeole Lane – cars have been observed using the pull-in created by the bollards at the end of Churchill Road for possible purchase of drugs from a nearby residence.
Sundorne	Kevin Pardy	Prolific drug dealing	Theft, break-ins	Antisocial behaviour & lack of police presence.
Sutton	Phil Gillam	Cars entering Reabrook estate at high speed via Pritchard Way at the Sutton Park roundabout. This is exactly where the local shops are located and elderly folk – as well as parents with young children – are often crossing the road at this point. Highly dangerous.	ASB around Sutton Farm shops	Break-ins at the local shops. The newsagents has been broken into at least twice.
Underdale	David Vasmer	Road Safety Concerns – there was a road traffic accident on Monkmoor Road recently in which two cars collided – one coming very close to some pedestrians and there is increasing concern for cyclists and pedestrians on Woodcote Way.	Drug dealing on and around Castle Walk	Anti-social behaviour throughout the ward

Sent to Police - following R&L on 09/03/22

November 2021

Ward	Councillors	Issue 1	Issue 2	Issue 3
Abbey	Mary Davies	Speeding on Abbey Foregate, Preston Street, Belvidere Avenue (there is also an increase in noisy cars i.e. modified exhaust and backfiring etc). There are a number of elderly people living in communal accommodation suitable for the elderly in Abbey Foregate, for example, The Cedars, Stiperstones Court and Abbey Court etc. Pavements are not suitable for mobility scooters and walking aids. There is no suitable crossing for the little Sainsburys by the Shirehall and the cars come off the roundabout at high speed which makes crossing dangerous for pedestrians. (Not sure how to go about asking the police to put up Operation Snap posters put up in this area?)	Anti-social (inc drugs) behaviour around Abbey Gardens and the public toilets and people loitering in Dark Lane and on the river path opposite the Gay Meadow development. Anti-social behaviour around the car park area by the entrance to The Elms	Cyclist using the pavements, cyclist go down Monkmoor Road towards the traffic lights at a terrific speed and not even slowing down to go round the corner. If a pedestrian was walking there, then there would have been a collision. Could the Police discourage people using the pavement or at least give consideration to pedestrians.
Bagley	Alex Phillips	Speeding on Ellesmere Road, Hubert Way	Anti-social behaviour on Greenfields Rec	Break ins to cars in Heath Farm
Battlefield	Becky Wall	Boy Racers around the Park & Ride Site	ASB in the Roseway/Roselyn/Rosedale/Albert Road area	Speeding on Featherbed Lane
Belle Vue	Kate Halliday	Anti-social behaviour (including drug dealing in the open).	Dangerous driving	Theft from gardens/ cars
Bowbrook	Alex Wagner	Safer roads with far stronger speeding enforcement on Gains Park Way.	Continuing to positively engage with the community in areas of higher social deprivation, a more open police presence hopefully having an impact on getting anti-social behaviour down.	Better enforcement of abandoned vehicles, which are rife throughout Gains Park.

Castlefields	Alan Mosley	Drug dealing throughout the area, including a number of well-known properties, paraphernalia frequently found, impact on vulnerable people and young. Behaviour on those under the influence of drugs and drink. Overgrown landscape areas as basis for such activities. Call for adequate CCTV to deter.	ASB and acts of violence on and around the Castle Walk area. Need for frequent Police walk throughs.	Some concerns about streetlamp shut down places.
Column	Rosemary Dartnall	ASB/Drug-related issues.	Speeding and structural weight traffic offences – esp London Rd, Wenlock Rd and Sutton Rd.	Lack of police presence.
Copthorne	Rob Wilson	Speed enforcement (The Mount, Mytton Oak Road, Radbrook Road, Shelton Road in particular).	Anti-social behaviour (particularly Shornccliffe Park).	Higher levels of on foot/bike police visibility.
Harlescott	Elisabeth Roberts	Drug deals extremely common and left unchecked, with children regularly being dragged into help. Officers only want to apprehend the big dealers, when they all need to be removed from the area and given access to addiction services.	Police officers stay in their vehicles, when they need to get out and be seen amongst the community.	Act on anti-social behaviour and theft, which is directly associated to drugs, they need to be evicted from their properties when enough evidence is found.

Meole	Bernie Bentick	<p>Traffic Issues. Inconsiderate road users, mainly lorries, vans, cars & cyclists. Vehicles drive above 20 mph, argue about right of way on narrow sections, park on pavements, verges, yellow lines, in front of residents' drives & also use Meole Village as a rat run between Longden Road & Roman Road, to avoid the Longden Road/Roman Road roundabout. Both cars & cyclists go the wrong way up the one-way section of Vicarage Road and then Upper Road. On Meole Estate & Pulley Lane, there are complaints of illegal parking on Football Match-days, despite warning signs at the entry points & also the opening of Meole Park. Also, vehicles speed on Moneybrook Way, the main Road through the Estate and enter at the South entrance, which is restricted to buses & emergency vehicles.</p>	<p>Anti-social behaviour. Problems of limited recreational facilities throughout Meole, but this is most felt on Meole Estate. Complaints of drug dealing & drug taking in the vicinity of The Mary Webb Road Playground. Constant littering, particularly of disposables from Mc Donalds. Sainsbury's shopping trolleys are left all over the Estate, including in The Rea Brook. Fly tipping is a regular occurrence. Groups of young people occasionally congregate at the Mary Webb Road/Shomere Road junction late in the evening & are noisy. A resident's TV aerial was torn off its mounting & damaged.</p>	<p>Door-step conmen. Multiple Meole residents report conmen offering to do external house repairs, or improvements & some have given money.</p>
Monkmoor	Pam Moseley	Better response to reports of drug dealing from residences.	Doing something about parking in cycle routes (rather than driving straight past en route to Monkmoor police station)	Providing a visible presence in the community.
Porthill	Julian Dean	Anti-social behaviour with some drug dealing people believe - hot-spots being the river side by the rowing club, around doctors field and around the Welsh Bridge, and the area between Mountfields and the playing fields / cricket pitch.	Road speed with concerns particularly about the Mount and Copthorne Road & dealing with illegally or abandoned vehicles.	Anti-social car use - vehicles that have altered timing and exhaust baffles causing rapid backfire, causing excessive noise. Vehicles race around on Friday and Saturday evenings and occasionally do a circuit through Frankwell car park causing disturbance to the retirement housing opposite Theatre Severn.
Quarry	Nat Green	Public Order in the Quarry	ASB in the Town Centre	Speeding on St Michaels Street, Berwick Road
Radbrook	Chris Lemon	Speeding on Bank Farm Road	Opportunist night-time thieves on the Bowbrook Meadows development (Squinter Pip Ways and side roads)	Road safety on Crowmeole Lane, where the 'filter' still appears to be in place but many unauthorised vehicles, (ie anything that isn't a push or bicycle) are ignoring it.

Sundorne	Kevin Pardy	ASB – Vandalism, abusive language and threats.	Theft.	Lack of police presence.
Sutton	Phil Gillam	Cars entering Reabrook estate at high speed via Pritchard Way at the Sutton Park roundabout. This is exactly where the local shops are located and elderly folk – as well as parents with young children – are often crossing the road at this point. Highly dangerous.	Thuggery from groups of youths. A young man was attacked very recently.	Break-ins at the local shops. The newsagents has been broken into at least twice.
Underdale	David Vasmer	Speeding traffic especially on Monkmoor Road, Racecourse Crescent and Woodcote Way	Drug dealing on and around Castle Walk	Anti-social behaviour throughout the ward

July 2021

Ward	Councillors	Issue 1	Issue 2	Issue 3
Abbey	Mary Davies	Speeding on Abbey Foregate, Preston Street, Belvidere Avenue (there is also an increase in noisy cars i.e. modified exhaust and backfiring etc). There are a number of elderly people living in communal accommodation suitable for the elderly in Abbey Foregate, for example, The Cedars, Stiperstones Court and Abbey Court etc. Pavements are not suitable for mobility scooters and walking aids. There is no suitable crossing for the little Sainsburys by the Shirehall and the cars come off the roundabout at high speed which makes crossing dangerous for pedestrians. (Not sure how to go about asking the police to put up Operation Snap posters put up in this area?)	Anti-social (inc drugs) behaviour around Abbey Gardens and the public toilets and people loitering in Dark Lane and on the river path opposite the Gay Meadow development.	Cyclist using the pavements, cyclist go down Monkmoor Road towards the traffic lights at a terrific speed and not even slowing down to go round the corner. If a pedestrian was walking there, then there would have been a collision. Could the Police discourage people using the pavement or at least give consideration to pedestrians.
Bagley	Alex Phillips	Speeding on Ellesmere Road, Hubert Way	Anti-social behaviour on Greenfields Rec	Break ins to cars in Heath Farm
Battlefield	Becky Wall	Boy Racers around the Park & Ride Site	ASB in the Roseway/Roselyn/Rosedale/Albert Road area	Speeding on Featherbed Lane
Belle Vue	Kate Halliday	Opportunistic theft from cars theft from gardens/ sheds	Anti-social behaviour	Drug dealing and people under the influence of drugs/alcohol
Bowbrook	Alex Wagner	Safer roads with far stronger speeding enforcement on Gains Park Way.	Continuing to positively engage with the community in areas of higher social deprivation, a more open police presence hopefully having an impact on getting anti-social behaviour down.	Better enforcement of abandoned vehicles, which are rife throughout Gains Park.

Castlefields	Alan Mosley	Drug dealing throughout the area, including a number of well-known properties, paraphernalia frequently found, impact on vulnerable people and young. Behaviour on those under the influence of drugs and drink. Overgrown landscape areas as basis for such activities. Call for adequate CCTV to deter.	ASB and acts of violence on and around the Castle Walk area. Need for frequent Police walk throughs.	Some concerns about street lamp shut downs in places.
Column	Rosemary Dartnall	Traffic-related concerns. Mostly about excess speed that is mostly focussed on London, Wenlock, Sutton roads, and Preston St. This is habitual speeding, I've always thought related to the proximity of the A5 – traffic not properly slowed down for residential areas. London, Wenlock and Sutton roads each have narrow sections that are a major concern when traffic is too fast. There are further concerns about the recent (? Lockdown?) phenomenon of late-night racing. Many of us in Shrewsbury must hear this going on in the dead of night. Every now and then a WM speed van is situated on London Rd opposite SCAT – where the speed limit coming into town drops from 40 to 30 mph. It is well-known and easily visible from a good distance, always in exactly the same place. Not sure if anyone is actually caught speeding as a result. More locations and more often please, particularly in the short section of Wenlock Rd between Column roundabout and the junction with Sutton Rd.	Visibility is essential. Most residents say they never see a police officer or community police officer in Column. A regular police presence is both reassuring, although not measurable, is very important to the community.	Drugs, drug-related crime is now a concern everywhere, including Column. Visibility of police officers will surely help keep this under control.
Cophthorne	Rob Wilson	Speed enforcement (The Mount, Mytton Oak Road, Radbrook Road, Shelton Road in particular)	Anti-social behaviour (particularly towards the riverbank/beach area north of The Mount)	Higher levels of on foot/bike police visibility
Harlescott	Elisabeth Roberts	Drug deals extremely common and left unchecked, with children regularly being dragged into help. Officers only want to apprehend the big dealers, when they all need to be removed from the area and given access to addiction services.	Police officers stay in their vehicles, when they need to get out and be seen amongst the community.	Act on anti-social behaviour and theft, which is directly associated to drugs, they need to be evicted from their properties when enough evidence is found.

Meole	Bernie Bentick	Traffic safety, including speeding & travelling the wrong on 1-way roads	Anti-social behaviour	Door-step conmen
Monkmoor	Pam Moseley	Having a regular visible policing presence throughout the ward to reassure residents that they and their area being cared for.	Targeting known areas for dealing drug dealing, acting on intelligence from residents.	Addressing antisocial behaviour in public areas, including Upton Lane (especially BMX track), the Community woodland and meadows, and the underpass.
Porthill	Julian Dean	Anti-social behaviour with some drug dealing people believe - hot-spots being the river side by the rowing club, around doctors field and around the Welsh Bridge, and the area between Mountfields and the playing fields / cricket pitch.	Road speed with concerns particularly about the Mount and Copthorne Road & dealing with illegally or abandoned vehicles.	Anti-social car use - vehicles that have altered timing and exhaust baffles causing rapid backfire, causing excessive noise. Vehicles race around on Friday and Saturday evenings and occasionally do a circuit through Frankwell car park causing disturbance to the retirement housing opposite Theatre Severn.
Quarry	Nat Green	Public Order in the Quarry	ASB in the Town Centre	Speeding on St Michaels Street
Radbrook	Chris Lemon	Speeding on Bank Farm Road	Speeding on Red Deer Road/Squinter Pip	Unauthorised vehicles ignoring the Active Travel filter on Crowmeole Lane
Sundorne	Kevin Pardy	Drug dealing	Theft from garages and vehicles	ASB – Vandalism, abusive language and threats.
Sutton	Phil Gillam	Cars entering Reabrook estate at high speed via Pritchard Way at the Sutton Park roundabout. This is exactly where the local shops are located and elderly folk – as well as parents with young children – are often crossing the road at this point. Highly dangerous.	Thuggery from groups of youths. A young man was attacked very recently.	Break-ins at the local shops. The newsagents has been broken into at least twice.
Underdale	David Vasmer	Speeding traffic especially on Monkmoor Road, Racecourse Crescent and Woodcote Way	Drug dealing on and around Castle Walk	Anti-social behaviour especially related to school students from Belvedere School and on Monkmoor Rec

RECOMMENDED:

- (i) That the Report be noted;**
- (ii) The Committee approves the priorities for the September 2022 submission.**
