**Update on other tendering works.**

**Quarry Solar Lighting** – Due the thorough tender process completed for the initial phase of this solar lighting scheme it was felt that the need to stay with the same supplier to ensure matching equipment was of utmost importance. A quotation for the extension was received to ensure any price rises were in line with current supply and demand issues.

**Upton Lane learn to ride track.** – Following discussions with the ward member and contractor a second smaller track has been designed to allow younger and more inexperienced riders to progress. Following the submission from the current contractor a basic design and idea was sent to the interested tenderers for them to be given the opportunity to submit a bid. No other submissions were received so the current contractor has been awarded both contracts. This will mean all warranties will run together as well as the 2 tracks being installed at the same time.

**Future Tendering Projects**

The Project Manager is currently in the process of compiling the tender documents for upcoming projects in line with 2021/22 Capital plan. The first projects to be tendered for will be

- 1- Stanley Lane Footpath and Solar lighting
- 2- Moston Road footpaths
- 3- County Ground Pavilion Extension
- 4- County Ground Cricket Pitch 1 Levelling
