

**SHREWSBURY TOWN COUNCIL
RECREATION & LEISURE COMMITTEE
7th September 2022**

Officer: Ruth Jones – Office Manager

TEAM SHREWSBURY – POLICING PRIORITIES

PURPOSE OF THE REPORT

To receive an update on the Local Policing Charter.

LOCAL POLICING CHARTER

West Mercia Police developed its Local Policing Charter in 2021 designed to engage with the community in determining the local priorities for an area.

The Charter required all Parish & Town Councils to submit 3 policing priorities for their area for the Police to focus on over a 3-month period. Given that Shrewsbury in effect covers 17 divisions of Shropshire Council 3 separate priorities were allowed per ward.

The Superintendent has routinely invited Parish Clerks to meetings to discuss the general principles of the Charter. It soon became evident that a 3-month turnaround of priorities wasn't possible, so priorities now stay in place for 6 months. On that basis a revision to the Local Policing Charter is appended to this report.

The Town Clerk has discussed the new Local Policing Charter with the Safe Neighbourhood Team Inspector. He continues to be keen that the Council engages with the process but has asked that priorities need to be more specific to allow outcomes to be achieved. This message was communicated to members when developing the September submission list. Ongoing discussions will take place with the SNT Inspector to determine how best feedback to the Council on outcomes.

SUBMISSION

Committee to approve the priorities for the September submission. The table appended to this report details both previous submissions as well as those made by the Council to the process:

RECOMMENDED:

- (i) That the Report be noted;**
- (ii) That the Council adopts the 2022 Local Policing Charter;**
- (iii) The Committee approves the priorities for the September 2022 submission.**

September 2022 Submission

Ward	Issue 1	Issue 2	Issue 3
Abbey	Speeding on Abbey Foregate, Preston Street, Belvidere Avenue (there is also an increase in noisy cars i.e. modified exhaust and backfiring etc). There are a number of elderly people living in communal accommodation suitable for the elderly in Abbey Foregate, for example, The Cedars, Stiperstones Court and Abbey Court etc. Pavements are not suitable for mobility scooters and walking aids. There is no suitable crossing for the little Sainsburys by the Shirehall and the cars come off the roundabout at high speed which makes crossing dangerous for pedestrians. (Not sure how to go about asking the police to put up Operation Snap posters put up in this area?)	Anti-social (inc drugs) behaviour around Abbey Gardens and the public toilets and people loitering in Dark Lane and on the river path opposite the Gay Meadow development. Anti-social behaviour around the car park area by the entrance to The Elms	The temporary barriers at Belvidere Bridge, where the red and white barriers have become loose or are dislodged they are being thrown and moved by some individuals and there is the potential for these to be thrown over the bridge on to the railway line.
Bagley	Motoring - speeding, parking violations and abandoned cars.	Anti-social behaviour, the pattern of that is hard to predict throughout the ward.	Theft, particularly from motor vehicles, which occurs across the award. I am not sure that there is much that the police can do over and above patrols, but a 'do not leave your valuables' leafleting of households and/or cars may not be a bad idea, to make people a little more vigilant and deter potential criminals.
Battlefield	Boy Racers around the Park & Ride Site	ASB in the Roseway/Roselyn/Rosedale/Albert Road area	Speeding on Featherbed Lane
Belle Vue	Anti social behaviour (including drug dealing in the open).	Dangerous driving	Theft from gardens/ cars
Bowbrook	Safer roads with far stronger speeding enforcement on Gains Park Way.	Continuing to positively engage with the community in areas of higher social deprivation, a more open police presence hopefully having an impact on getting anti-social behaviour down.	Better enforcement of abandoned vehicles, which are rife throughout Gains Park.
Castlefields	Drug dealing throughout the area, including a number of well-known properties, paraphernalia frequently found, impact on vulnerable people and young. Behaviour on those under the influence of drugs and drink. Overgrown landscape areas as basis for such activities. Call for adequate CCTV to deter.	ASB and acts of violence on and around the Castle Walk area. Need for frequent Police walk throughs.	Demands for 20 mph especially on Sultan and New Park Roads

<p>Column</p>	<p>Speeding traffic. Particularly on London, Wenlock and Sutton roads, as well as Preston Street and Sutton Way. The narrow sections of London and Wenlock, close to Column roundabout, are particularly bad. Several collisions with parked cars have been reported in July. One resident and partner had one car written off and another damaged when a speeding car drove into a line of parked cars. The damaged car was hit again within a week of being repaired.</p>	<p>Drug dealing in the open – Mereside, garages behind Sutton Way and Shrewsbury College (SCAT) as well as several well-known addresses.</p>	<p>Police presence from time to time would be good</p>
<p>Copthorne</p>	<p>Speed enforcement (The Mount, Mytton Oak Road, Radbrook Road, Shelton Road, Richmond Drive & Oakfield Road in particular).</p>	<p>Anti-social behaviour (particularly Shorncliffe Park).</p>	<p>Higher levels of on foot/bike police visibility.</p>
<p>Harlescott</p>	<p>Huge rise in anti-social behaviour at all the play parks in the area, with one incident involving a young person threatening others with a knife. The police were called by residents, I have also called and they still haven't been out to Waincott/Greenacres playground area.</p>	<p>Drug dealing in plain sight has started to increase again, illegal motorbike racing across greenspaces.</p>	<p>Police presence needs to step back up to support us as councillors, especially as it I am having to go out and speak to people about their behaviour, because the police aren't.</p>
<p>Meole</p>	<p>Traffic Issues. Inconsiderate road users, mainly lorries, vans, cars & cyclists. Vehicles drive above 20 mph, argue about right of way on narrow sections, park on pavements, verges, yellow lines, in front of residents' drives & also use Meole Village as a rat run between Longden Road & Roman Road, to avoid the Longden Road/Roman Road roundabout. Both cars & cyclists go the wrong way up the one-way section of Vicarage Road and then Upper Road. On Meole Estate & Pulley Lane, there are complaints of illegal parking on Football Match-days, despite warning signs at the entry points & also the opening of Meole Park. Also, vehicles speed on Moneybrook Way, the main Road through the Estate and enter at the South entrance, which is restricted to buses & emergency vehicles.</p>	<p>Anti-social behaviour. Problems of limited recreational facilities throughout Meole, but this is most felt on Meole Estate. Complaints of drug dealing & drug taking in the vicinity of The Mary Webb Road Playground. Constant littering, particularly of disposables from Mc Donalds. Sainsbury's shopping trolleys are left all over the Estate, including in The Rea Brook. Fly tipping is a regular occurrence. Groups of young people occasionally congregate at the Mary Webb Road/Shomere Road junction late in the evening & are noisy. A resident's TV aerial was torn off its mounting & damaged.</p>	<p>Door-step con-men. Multiple Meole residents report con-men offering to do external house repairs or improvements & some have given money.</p>

Monkmoor	Better response to reports of drug dealing from residences.	Doing something about parking in cycle routes (rather than driving straight past en route to Monkmoor police station)	Providing a visible presence in the community.
Porthill	Anti-social behaviour with some drug dealing people believe - hot-spots being the river side by the rowing club, around doctors field and around the Welsh Bridge, and the area between Mountfields and the playing fields / cricket pitch.	Road speed with concerns particularly about the Mount and Copthorne Road & dealing with illegally or abandoned vehicles.	Anti-social car use - vehicles that have altered timing and exhaust baffles causing rapid back fire, causing excessive noise. Vehicles race around on Friday and Saturday evenings and occasionally do a circuit through Frankwell car park causing disturbance to the retirement housing opposite Theatre Severn.
Quarry	Public Order in the Quarry	ASB in the Town Centre	Speeding on St Michaels Street, Berwick Road
Radbrook	Drug dealing from what seems to be an increasing number of locations. Those reported to me within the last year are: Churchill Road at its junction with Crowmeole Lane; possibility of the same at the north end of Crowmeole Drive; possibility of the same on Meadowbout Way.	Speeding and dangerous driving throughout the ward, most especially still on Bank Farm Road; Hanwood Road between Edgebold and the A5; Red Deer Road and Squinter Pip Way.	Antisocial behaviour, most especially on Crowmeole Drive and Meadowbout Way associated with the suspected drug dealing at the locations on those roads and also from a property or properties near the junction of Crowmeole Drive and Crowmeole Lane. Whilst there have been no overt reports of ABS, there are also occasions when the woods behind Rad Valley playpark are being used for the consumption of alcohol by the youth.
Sundorne	Anti-Social Behaviour (Severn Pitches, unlicensed motorcycling)	Drug dealing in the open and witnessed by many on the North Estate	Traffic speed within estate - speeding generally across the ward
Sutton	Cars entering Reabrook estate at high speed via Pritchard Way at the Sutton Park roundabout. This is exactly where the local shops are located and elderly folk – as well as parents with young children – are often crossing the road at this point. Highly dangerous.	No other concerns (recent enquiries made).	No other concerns (recent enquiries made).
Underdale	Road Safety Concerns – there was a road traffic accident on Monkmoor Road recently in which two cars collided – one coming very close to some pedestrians and there is increasing concern for cyclists and pedestrians on Woodcote Way.	Drug dealing on and around Castle Walk	Anti-social behaviour throughout the ward

Red- same as submission in March '22 (no updates received).

Previous Submission – March 2022

Ward	Issue 1	Issue 2	Issue 3
Abbey	Speeding on Abbey Foregate, Preston Street, Belvidere Avenue (there is also an increase in noisy cars i.e. modified exhaust and backfiring etc). There are a number of elderly people living in communal accommodation suitable for the elderly in Abbey Foregate, for example, The Cedars, Stiperstones Court and Abbey Court etc. Pavements are not suitable for mobility scooters and walking aids. There is no suitable crossing for the little Sainsburys by the Shirehall and the cars come off the roundabout at high speed which makes crossing dangerous for pedestrians. (Not sure how to go about asking the police to put up Operation Snap posters in this area?)	Anti-social (inc drugs) behaviour around Abbey Gardens and the public toilets and people loitering in Dark Lane and on the river path opposite the Gay Meadow development. Anti-social behaviour around the car park area by the entrance to The Elms	The temporary barriers at Belvidere Bridge, when the red and white barriers become loose or are dislodged they are being thrown and moved and there is the potential for these to be thrown over the bridge on to the railway line.
Bagley	Anti Social Behaviour (particularly Greenfields Rec and the new sweet shop on Wood Street)	Speeding motorists down Ellesmere Road	Car break ins over the ward (encourage reporting, increase patrols)
Battlefield	Boy Racers around the Park & Ride Site	ASB in the Roseway/Roselyn/Rosedale/Albert Road area	Speeding on Featherbed Lane
Belle Vue	Anti social behaviour (including drug dealing in the open).	Dangerous driving	Theft from gardens/ cars
Bowbrook	Safer roads with far stronger speeding enforcement on Gains Park Way.	Continuing to positively engage with the community in areas of higher social deprivation, a more open police presence hopefully having an impact on getting anti-social behaviour down.	Better enforcement of abandoned vehicles, which are rife throughout Gains Park.
Castlefields	Drug dealing throughout the area, including a number of well-known properties, paraphernalia frequently found, impact on vulnerable people and young. Behaviour on those under the influence of drugs and drink. Overgrown landscape areas as basis for such activities. Call for adequate CCTV to deter.	ASB and acts of violence on and around the Castle Walk area. Need for frequent Police walk throughs.	Some concerns about street lamp shut downs in places.

<p>Column</p>	<p>Speeding and noisy traffic around London, Wenlock, Ebnal roads – residents have complained about this and say that the noisy cars seem to come from SCAT students enrolled at the college. Most traffic on these roads and Sutton Rd and Sutton Way enter the area driving too fast for narrow residential streets. All the roads listed suffer from traffic travelling far too fast, seemingly passing through Column – many people cut through from north of the town, via London and Ebnal roads through Sutton Way, Sutton Rd to get to Meole Brace, Aldi and STFC. One resident reported registration numbers of noisy cars with modified exhausts/engines set to cause disturbance.</p>	<p>Drug dealing – dealers selling heroin freely and openly around Mereside and around Springfield, as well as outside SCAT.</p>	<p>Police presence. This is essential and urgent – I have never seen a police officers in Column, other than the one PC who came to my surgery and the occasional arrival of the speed detectors.</p>
<p>Copthorne</p>	<p>Speed enforcement (The Mount, Mytton Oak Road, Radbrook Road, Shelton Road, Richmond Drive & Oakfield Road in particular).</p>	<p>Anti-social behaviour (particularly Shorncliffe Park).</p>	<p>Higher levels of on foot/bike police visibility.</p>
<p>Harlescott</p>	<p>Drug deals extremely common and left unchecked, with children regularly being dragged into help.</p>	<p>Police officers stay in their vehicles, when they need to get out and be seen amongst the community.</p>	<p>Act on anti-social behaviour and theft, which is directly associated to drugs, they need to be evicted from their properties when enough evidence is found.</p>
<p>Meole</p>	<p>Traffic Issues. Inconsiderate road users, mainly lorries, vans, cars & cyclists. Vehicles drive above 20 mph, argue about right of way on narrow sections, park on pavements, verges, yellow lines, in front of residents’ drives & also use Meole Village as a rat run between Longden Road & Roman Road, to avoid the Longden Road/Roman Road roundabout. Both cars & cyclists go the wrong way up the one-way section of Vicarage Road and then Upper Road. On Meole Estate & Pulley Lane, there are complaints of illegal parking on Football Match-days, despite warning signs at the entry points & also the opening of Meole Park. Also, vehicles speed on Moneybrook Way, the main Road through the Estate and enter at the South entrance, which is restricted to buses & emergency vehicles.</p>	<p>Anti-social behaviour. Problems of limited recreational facilities throughout Meole, but this is most felt on Meole Estate. Complaints of drug dealing & drug taking in the vicinity of The Mary Webb Road Playground. Constant littering, particularly of disposables from Mc Donalds. Sainsbury’s shopping trolleys are left all over the Estate, including in The Rea Brook. Fly tipping is a regular occurrence. Groups of young people occasionally congregate at the Mary Webb Road/Shomere Road junction late in the evening & are noisy. A resident’s TV aerial was torn off its mounting & damaged.</p>	<p>Door-step con-men. Multiple Meole residents report con-men offering to do external house repairs or improvements & some have given money.</p>

Monkmoor	Better response to reports of drug dealing from residences.	Doing something about parking in cycle routes (rather than driving straight past en route to Monkmoor police station)	Providing a visible presence in the community.
Porthill	Anti-social behaviour with some drug dealing people believe - hot-spots being the river side by the rowing club, around doctors field and around the Welsh Bridge, and the area between Mountfields and the playing fields / cricket pitch.	Road speed with concerns particularly about the Mount and Copthorne Road & dealing with illegally or abandoned vehicles.	Anti-social car use - vehicles that have altered timing and exhaust baffles causing rapid back fire, causing excessive noise. Vehicles race around on Friday and Saturday evenings and occasionally do a circuit through Frankwell car park causing disturbance to the retirement housing opposite Theatre Severn.
Quarry	Public Order in the Quarry	ASB in the Town Centre	Speeding on St Michaels Street, Berwick Road
Radbrook	Continued close monitoring of speeds on Bank Farm Road to ensure safety of pedestrians and cyclists using and crossing the road, especially at school times.	Continued monitoring of the filter on Crowmeole Lane to ensure compliance with the ban on vehicular traffic there, excepting buses, pedestrians and cycles.	Monitoring of possible drug dealing near the junction of Churchill Road and Crowmeole Lane – cars have been observed using the pull-in created by the bollards at the end of Churchill Road for possible purchase of drugs from a nearby residence.
Sundorne	Prolific drug dealing	Theft, break-ins	Antisocial behaviour & lack of police presence.
Sutton	Cars entering Reabrook estate at high speed via Pritchard Way at the Sutton Park roundabout. This is exactly where the local shops are located and elderly folk – as well as parents with young children – are often crossing the road at this point. Highly dangerous.	ASB around Sutton Farm shops	Break-ins at the local shops. The newsagents has been broken into at least twice.
Underdale	Road Safety Concerns – there was a road traffic accident on Monkmoor Road recently in which two cars collided – one coming very close to some pedestrians and there is increasing concern for cyclists and pedestrians on Woodcote Way.	Drug dealing on and around Castle Walk	Anti-social behaviour throughout the ward

November 2021

Ward	Issue 1	Issue 2	Issue 3
Abbey	Speeding on Abbey Foregate, Preston Street, Belvidere Avenue (there is also an increase in noisy cars i.e. modified exhaust and backfiring etc). There are a number of elderly people living in communal accommodation suitable for the elderly in Abbey Foregate, for example, The Cedars, Stiperstones Court and Abbey Court etc. Pavements are not suitable for mobility scooters and walking aids. There is no suitable crossing for the little Sainsburys by the Shirehall and the cars come off the roundabout at high speed which makes crossing dangerous for pedestrians. (Not sure how to go about asking the police to put up Operation Snap posters put up in this area?)	Anti-social (inc drugs) behaviour around Abbey Gardens and the public toilets and people loitering in Dark Lane and on the river path opposite the Gay Meadow development. Anti-social behaviour around the car park area by the entrance to The Elms	Cyclist using the pavements, cyclist go down Monkmoor Road towards the traffic lights at a terrific speed and not even slowing down to go round the corner. If a pedestrian was walking there, then there would have been a collision. Could the Police discourage people using the pavement or at least give consideration to pedestrians.
Bagley	Speeding on Ellesmere Road, Hubert Way	Anti-social behaviour on Greenfields Rec	Break ins to cars in Heath Farm
Battlefield	Boy Racers around the Park & Ride Site	ASB in the Roseway/Roselyn/Rosedale/Albert Road area	Speeding on Featherbed Lane
Belle Vue	Anti-social behaviour (including drug dealing in the open).	Dangerous driving	Theft from gardens/ cars
Bowbrook	Safer roads with far stronger speeding enforcement on Gains Park Way.	Continuing to positively engage with the community in areas of higher social deprivation, a more open police presence hopefully having an impact on getting anti-social behaviour down.	Better enforcement of abandoned vehicles, which are rife throughout Gains Park.
Castlefields	Drug dealing throughout the area, including a number of well-known properties, paraphernalia frequently found, impact on vulnerable people and young. Behaviour on those under the influence of drugs and drink. Overgrown landscape areas as basis for such activities. Call for adequate CCTV to deter.	ASB and acts of violence on and around the Castle Walk area. Need for frequent Police walk throughs.	Some concerns about streetlamp shut downs in places.

Column	ASB/Drug-related issues.	Speeding and structural weight traffic offences – esp London Rd, Wenlock Rd and Sutton Rd.	Lack of police presence.
Copthorne	Speed enforcement (The Mount, Mytton Oak Road, Radbrook Road, Shelton Road in particular).	Anti-social behaviour (particularly Shorncliffe Park).	Higher levels of on foot/bike police visibility.
Harlescott	Drug deals extremely common and left unchecked, with children regularly being dragged into help. Officers only want to apprehend the big dealers, when they all need to be removed from the area and given access to addiction services.	Police officers stay in their vehicles, when they need to get out and be seen amongst the community.	Act on anti-social behaviour and theft, which is directly associated to drugs, they need to be evicted from their properties when enough evidence is found.
Meole	<p>Traffic Issues.</p> <p>Inconsiderate road users, mainly lorries, vans, cars & cyclists.</p> <p>Vehicles drive above 20 mph, argue about right of way on narrow sections, park on pavements, verges, yellow lines, in front of residents' drives & also use Meole Village as a rat run between Longden Road & Roman Road, to avoid the Longden Road/Roman Road roundabout.</p> <p>Both cars & cyclists go the wrong way up the one-way section of Vicarage Road and then Upper Road.</p> <p>On Meole Estate & Pulley Lane, there are complaints of illegal parking on Football Match-days, despite warning signs at the entry points & also the opening of Meole Park. Also, vehicles speed on Moneybrook Way, the main Road through the Estate and enter at the South entrance, which is restricted to buses & emergency vehicles.</p>	<p>Anti-social behaviour.</p> <p>Problems of limited recreational facilities throughout Meole, but this is most felt on Meole Estate.</p> <p>Complaints of drug dealing & drug taking in the vicinity of The Mary Webb Road Playground.</p> <p>Constant littering, particularly of disposables from Mc Donalds. Sainsbury's shopping trolleys are left all over the Estate, including in The Rea Brook. Fly tipping is a regular occurrence.</p> <p>Groups of young people occasionally congregate at the Mary Webb Road/Shomere Road junction late in the evening & are noisy.</p> <p>A resident's TV aerial was torn off its mounting & damaged.</p>	<p>Door-step conmen.</p> <p>Multiple Meole residents report conmen offering to do external house repairs, or improvements & some have given money.</p>
Monkmoor	Better response to reports of drug dealing from residences.	Doing something about parking in cycle routes (rather than driving straight past en route to Monkmoor police station)	Providing a visible presence in the community.

Porthill	Anti-social behaviour with some drug dealing people believe - hot-spots being the river side by the rowing club, around doctors field and around the Welsh Bridge, and the area between Mountfields and the playing fields / cricket pitch.	Road speed with concerns particularly about the Mount and Copthorne Road & dealing with illegally or abandoned vehicles.	Anti-social car use - vehicles that have altered timing and exhaust baffles causing rapid backfire, causing excessive noise. Vehicles race around on Friday and Saturday evenings and occasionally do a circuit through Frankwell car park causing disturbance to the retirement housing opposite Theatre Severn.
Quarry	Public Order in the Quarry	ASB in the Town Centre	Speeding on St Michaels Street, Berwick Road
Radbrook	Speeding on Bank Farm Road	Opportunist night-time thieves on the Bowbrook Meadows development (Squinter Pip Ways and side roads)	Road safety on Crowmeole Lane, where the 'filter' still appears to be in place but many unauthorised vehicles, (ie anything that isn't a push or bicycle) are ignoring it.
Sundorne	ASB – Vandalism, abusive language and threats.	Theft.	Lack of police presence.
Sutton	Cars entering Reabrook estate at high speed via Pritchard Way at the Sutton Park roundabout. This is exactly where the local shops are located and elderly folk – as well as parents with young children – are often crossing the road at this point. Highly dangerous.	Thuggery from groups of youths. A young man was attacked very recently.	Break-ins at the local shops. The newsagents has been broken into at least twice.
Underdale	Speeding traffic especially on Monkmoor Road, Racecourse Crescent and Woodcote Way	Drug dealing on and around Castle Walk	Anti-social behaviour throughout the ward

July 2021

Ward	Issue 1	Issue 2	Issue 3
Abbey	Speeding on Abbey Foregate, Preston Street, Belvidere Avenue (there is also an increase in noisy cars i.e. modified exhaust and backfiring etc). There are a number of elderly people living in communal accommodation suitable for the elderly in Abbey Foregate, for example, The Cedars, Stiperstones Court and Abbey Court etc. Pavements are not suitable for mobility scooters and walking aids. There is no suitable crossing for the little Sainsburys by the Shirehall and the cars come off the roundabout at high speed which makes crossing dangerous for pedestrians. (Not sure how to go about asking the police to put up Operation Snap posters put up in this area?)	Anti-social (inc drugs) behaviour around Abbey Gardens and the public toilets and people loitering in Dark Lane and on the river path opposite the Gay Meadow development.	Cyclist using the pavements, cyclist go down Monkmoor Road towards the traffic lights at a terrific speed and not even slowing down to go round the corner. If a pedestrian was walking there, then there would have been a collision. Could the Police discourage people using the pavement or at least give consideration to pedestrians.
Bagley	Speeding on Ellesmere Road, Hubert Way	Anti-social behaviour on Greenfields Rec	Break ins to cars in Heath Farm
Battlefield	Boy Racers around the Park & Ride Site	ASB in the Roseway/Roselyn/Rosedale/Albert Road area	Speeding on Featherbed Lane
Belle Vue	Opportunistic theft from cars theft from gardens/sheds	Anti-social behaviour	Drug dealing and people under the influence of drugs/alcohol
Bowbrook	Safer roads with far stronger speeding enforcement on Gains Park Way.	Continuing to positively engage with the community in areas of higher social deprivation, a more open police presence hopefully having an impact on getting anti-social behaviour down.	Better enforcement of abandoned vehicles, which are rife throughout Gains Park.
Castlefields	Drug dealing throughout the area, including a number of well-known properties, paraphernalia frequently found, impact on vulnerable people and young. Behaviour on those under the influence of drugs and drink. Overgrown landscape areas as basis for such activities. Call for adequate CCTV to deter.	ASB and acts of violence on and around the Castle Walk area. Need for frequent Police walk throughs.	Some concerns about street lamp shut downs in places.

Column	Traffic-related concerns. Mostly about excess speed that is mostly focussed on London, Wenlock, Sutton roads, and Preston St. This is habitual speeding, I've always thought related to the proximity of the A5 – traffic not properly slowed down for residential areas. London, Wenlock and Sutton roads each have narrow sections that are a major concern when traffic is too fast. There are further concerns about the recent (? Lockdown?) phenomenon of late-night racing. Many of us in Shrewsbury must hear this going on in the dead of night. Every now and then a WM speed van is situated on London Rd opposite SCAT – where the speed limit coming into town drops from 40 to 30 mph. It is well-known and easily visible from a good distance, always in exactly the same place. Not sure if anyone is actually caught speeding as a result. More locations and more often please, particularly in the short section of Wenlock Rd between Column roundabout and the junction with Sutton Rd.	Visibility is essential. Most residents say they never see a police officer or community police officer in Column. A regular police presence is both reassuring, although not measurable, is very important to the community.	Drugs, drug-related crime is now a concern everywhere, including Column. Visibility of police officers will surely help keep this under control.
Copthorne	Speed enforcement (The Mount, Mytton Oak Road, Radbrook Road, Shelton Road in particular)	Anti-social behaviour (particularly towards the riverbank/beach area north of The Mount)	Higher levels of on foot/bike police visibility
Harlescott	Drug deals extremely common and left unchecked, with children regularly being dragged into help. Officers only want to apprehend the big dealers, when they all need to be removed from the area and given access to addiction services.	Police officers stay in their vehicles, when they need to get out and be seen amongst the community.	Act on anti-social behaviour and theft, which is directly associated to drugs, they need to be evicted from their properties when enough evidence is found.
Meole	Traffic safety, including speeding & travelling the wrong on 1-way roads	Anti-social behaviour	Door-step conmen
Monkmoor	Having a regular visible policing presence throughout the ward to reassure residents that they and their area being cared for.	Targeting known areas for dealing drug dealing, acting on intelligence from residents.	Addressing antisocial behaviour in public areas, including Upton Lane (especially BMX track), the Community woodland and meadows, and the underpass.

Porthill	Anti-social behaviour with some drug dealing people believe - hot-spots being the river side by the rowing club, around doctors field and around the Welsh Bridge, and the area between Mountfields and the playing fields / cricket pitch.	Road speed with concerns particularly about the Mount and Copthorne Road & dealing with illegally or abandoned vehicles.	Anti-social car use - vehicles that have altered timing and exhaust baffles causing rapid backfire, causing excessive noise. Vehicles race around on Friday and Saturday evenings and occasionally do a circuit through Frankwell car park causing disturbance to the retirement housing opposite Theatre Severn.
Quarry	Public Order in the Quarry	ASB in the Town Centre	Speeding on St Michaels Street
Radbrook	Speeding on Bank Farm Road	Speeding on Red Deer Road/Squinter Pip	Unauthorised vehicles ignoring the Active Travel filter on Crowmeole Lane
Sundorne	Drug dealing	Theft from garages and vehicles	ASB – Vandalism, abusive language and threats.
Sutton	Cars entering Reabrook estate at high speed via Pritchard Way at the Sutton Park roundabout. This is exactly where the local shops are located and elderly folk – as well as parents with young children – are often crossing the road at this point. Highly dangerous.	Thuggery from groups of youths. A young man was attacked very recently.	Break-ins at the local shops. The newsagents has been broken into at least twice.
Underdale	Speeding traffic especially on Monkmoor Road, Racecourse Crescent and Woodcote Way	Drug dealing on and around Castle Walk	Anti-social behaviour especially related to school students from Belivdere School and on Monkmoor Rec
