## Re: Great Big Green Week 2024

Shrewsbury Town Council would like to invite you and your organisation to participate in the Shrewsbury Great Big Green Week which will take place from the 8 - 16 June 2024.

The Great Big Green Week is the UK's biggest ever celebration of community action to tackle climate change and protect nature.

Every year, people come together to unleash a wave of support for action to protect the planet. Tens of thousands of people in every corner of the country celebrate the heartfelt, brave, everyday actions being taken to stand up for nature and fight climate change.

Great Big Green Week has been running since 2021 and now has with over a quarter of a million people getting involved each year including those from national organisations, institutions, businesses and media outlets.

In 2024, we would like to create a Shrewsbury-wide event and for you and your organisation to be involved. Shrewsbury Town Council plans to put on a number of events and activities focussed around horticulture and nature recovery, youth and allotments so we would like to invite you and your organisation to also participate in this community-based event, with a focus of your own choice. This could be something from the following list or something completely different - the decision is entirely yours:

- An educational event
- An exhibition or screening of a film
- An arts event or activity
- An event which opens your organisation to the public
- A community activity such as cycling or walking

If you visit the Great Big Green Week website at [www.greatbiggreenweek.com](http://www.greatbiggreenweek.com) you can see the sorts of things others have done in the past.
