Annual Report
For the Year Ended 31st March 2017**

Shrewsbury Town Council is widely consulted on a range of strategic priorities, from the recently announced cycle network to large developments planned over the next 30 years, through the Local Development Framework, Core Strategy documents and local planning issues.

DIRECT SERVICE DELIVERY AREAS

The Quarry and Dingle

The Quarry continues to be used for a wide range of planned activities from the Flower Show, Food Festival to the weekly ParkRun events, and is used most weekends of the year. As well as the planned activities it is the hub for the residents and visitors to Shrewsbury for leisure and recreational purposes every day of the year. The Town Council has altered the premises licence to provide a wide range of diverse events in the Quarry and is allowing musical groups to use the band stand. The Public Conveniences in the Quarry are now open for longer during British Summer Time in line with the opening hours of the Dingle the beautiful tranquil garden designed by Percy Thrower in the heart of the Quarry.

Playing Fields and Open Spaces

The Town Council is responsible for the maintenance of the majority of playing fields and open spaces located in the town. This responsibility includes the grass cutting, litter picking and all other maintenance costs.

The countryside land within the town boundary is now under the control and management of Shrewsbury Town Council with the freehold in the process of being transferred from Shropshire Council, and this asset will compliment the other open spaces for the town residents.

Allotments

There are twelve allotment sites, and the waiting list for prospective allotment holders continues to be very long. In these days of financial constraints, this type of pastime is increasing in popularity whilst also providing a good workout. The Council is exploring new opportunities to develop new sites to reduce the waiting lists.

Play Areas

The maintenance of the Town Council's many play areas continues to be a priority. Specifically trained personnel inspect the play areas every week, for both Health and Safety and maintenance issues, and they are also inspected annually by ROSPA. Spring programmes of refurbishment are carried out to ensure the equipment is ready for the busy spring / summer season.

The new and extended Quarry Play Park opened during the year, in conjunction with the new Quarry Splash Park which has been a great success and addition to the Park.

Shrewsbury Town Council
Annual Report
For the Year Ended 31st March 2017

FINANCIAL SUMMARY

Shrewsbury Town Council currently receives no money from Central Government. It is self funding except for a small precept levied on the ratepayers of Shrewsbury, which constitutes a very small portion of the overall Council Tax bill; Only residential dwelling council tax is included in the precept to the Town Council, business rates being excluded.

Since 2009 the Town Council has been in receipt of a 10 year diminishing grant from Shropshire Council (see note 4 of the accounts) to prevent a large increase in the precept when the Town Council was formed and anticipated a year on year increase in precept to offset the reduction. This year the Town Council waived its allocation to support budget reductions imposed on Shropshire Council by Central Government.

Shrewsbury Town Council has a significant Service Level Agreement to provide Grounds Maintenance for Shropshire Council until 2024/25.

The budget for the year 1st April 2016 to 31st March 2017 was approved by the Full Council in January 2016. The precept was set at £902,503 which equates to £39.89 at band D. The following budget comparison shows the actual spend against budget, with corresponding variances.

Variances

Overall the position is £1,982 worse than budgeted, there is a small deficit taken from general reserves.

On the income side there was an overall positive variance of £111,571 which is the difference between actual and budgeted figures. This figure was inflated due to £47,541 additional funds received from sale of assets and S106 funds released to the accounts which if deducted would leave a positive

The negative variance of £16,650 on Markets was due to the Sunday and Livestock markets underperforming with the indoor market bucking the downward trend.

Despite the continued low Bank of England base rate coupled with quantitative easing, the positive variance arose due to income from the CCLA Property Fund where additional funds were invested.

The other positive variances are due to additional contracts, price increases and performing better than budgeted.

The expenditure variance overall was a negative £113,553 which was due to the spending of additional income from S106, capital purchases and the movement on earmarked reserves. Excluding capital and reserves variance of £438,409 the expenditure variance is a positive £60,502.

The negative variance of £63,811 on Management and support costs was due to relocating from Guildhall to Riggs Hall and the associated costs as well as rent and service charge payable

A number of cost savings have also been identified by officers from better discounts, changing suppliers and scrutinising contracts.

The negative capital expenditure variance of £1,461,593 is due to additional investing in the CCLA Property Fund to provide revenue to meet Riggs Hall costs, and the new Quarry play and splash park and continued replacing of vehicles and equipment.

There is a positive net variance on movement of earmarked reserves compared to the budget due to the use of reserves for fixed asset additions and any additional income/underspends allowing more funds to be allocated for earmarked projects.

The total income and expenditure variances of (£1,975) were carried forward to the General Fund per the Statement of Reserves on page 22.

Fixed Asset additions

During the year, a number of grounds maintenance machines were upgraded as part of the fleet management process with the replaced machines being sold at a public auction.

Further funds were invested in the CCLA Property Investment Fund, and the Quarry Play and Splash Park completed in the year.

Accounting Convention

The accounts have been prepared in accordance with the Governance and Accountability for Smaller Authorities – A Practitioners Guide (England).

These accounts have been prepared having regard to the fundamental accounting concepts of:

- Going Concern
- Prudence
- Accruals
- Relevance
- Consistency
- Reliability
- Comparability
- Understandability
- Materiality

The accounts have been prepared under the historical cost convention.

Prior to 1st April 2016, the Town Council's accounts were prepared in line with the Financial Reporting Standard for Smaller Entities (FRSSE 2008) which has been replaced by FRS102. In accordance with the Account & Audit Regulations 2015, the Town Council is considered a "smaller body" and subject to "Limited Assurances" Audit. The change from the FRSSE to FRS102 has not resulted in any changes of accounting policies.

Fixed Assets

All expenditure on the acquisition, creation or enhancement of fixed assets above the Town Council de-minimis (currently £5,000) is capitalised on an accruals basis in the accounts. Expenditure on fixed assets is capitalised, provided that the fixed asset yields benefits to the Town Council and the services it provides, for a period of more than one year. Expenditure on fixed assets is then included in the Balance Sheet with a corresponding transaction shown in the Capital Financing Account.

Depreciation is provided on all operational buildings (but not land), as well as other assets. Depreciation is not shown in the Council's Income and Expenditure account but is transferred directly to the Capital Financing Account.

Fixed Assets are included in the Balance Sheet at valuations current on 31st March 2010. These assets together with subsequent acquisitions and enhancements and will not be subject to revaluations.

Commercial and residential properties are classed as investment properties and revalued on a 5 yearly basis. The changes in the Market Value are taken to the Capital Financing Account.

Depreciation is calculated on the following basis:

- Buildings and leasehold land are depreciated over the shorter of 50 years or the anticipated remaining useful lives on a straight line basis.
- Freehold land is not depreciated.

Shrewsbury Town Council
Statement of Accounting Policies
31 March 2017

- Non Operational Assets (including Investment Properties) are not depreciated.
- Vehicles, plant and equipment and furniture over 3 to 10 years on a straight line basis.
- Play equipment over 5 to 10 years on a straight line basis.
- Community Assets are not depreciated.

Only fixed assets purchased in the first half of the year are depreciated in the year of acquisition.

Disposals

Where an asset is disposed of at a value above the de-minimus limit (currently £5,000), the proceeds of which are a capital receipt under the Local Authorities (Capital Financing and Accounting) (England) Regulations 2003, the resultant gain or loss is reported in the Income and Expenditure Account and the proceeds are carried to the Useable Capital Receipts Reserve.

Grants or Contributions from Government or Related Bodies

Any grants or contributions are taken to the Income and Expenditure report where the conditions have been met.

Where a fixed asset has been acquired or improved with the financing either wholly or in part by a grant or contribution from government or a related body, e.g. Sports Council, the full amount of the grant has been included in the Income and Expenditure Account to offset the cost of purchasing the relevant asset.

Investments

Investments are included in the Balance Sheet at historic cost and realised gains or losses are taken into the Income and Expenditure account as realised.

Stocks

Stocks where relevant are being constantly replaced and their value is not material to assessing the Town Council's state of affairs as a result stock is written off directly to revenue expenditure.

Debtors and Creditors

The revenue accounts of the Town Council are maintained on an accruals basis in accordance with the Accounting and Audit Regulations. That is sums due to or from the Town Council during the year are included whether or not the cash has actually been received or paid in the year. Exceptions to this are payment of regular quarterly and other accounts (e.g. telephones, electricity) if the amount is not material. This policy is applied consistently each year. Therefore, it will not have a material effect on the year's accounts or on the Town Council's annual budget.

The Town Council reviews the level of its commercial debtors on a regular basis and provisions are made, as required, where the likelihood of amounts proving ultimately collectable is in doubt.

**Shrewsbury Town Council
Statement of Accounting Policies
31 March 2017**

Value Added Tax

Income and Expenditure excludes any amounts related to VAT, as all VAT suffered/collected is recoverable from or payable to HM Revenue and Customs. Any amounts not so recoverable are treated as a separate expense.

External Loan Repayments

Details of the Town Council's external borrowings if relevant are shown in the notes.

The Town Council is required by the Guide to incorporate external borrowings in its Balance Sheet.

Leases

The Town Council has no finance leases. Rentals payable under operating leases are charged to revenue on a straight line basis over the term of the lease.

Reserves

The Town Council maintains certain earmarked reserves to meet general and specific future expenditure. The purpose of the Town Council's reserves is explained in the notes.

The Capital Financing Account is maintained to manage the accounting processes for tangible fixed assets and investment properties, and does not represent usable resources for the Town Council.

Capital receipts arising from the disposal of fixed assets are taken to the Useable Capital Receipts Reserve until such time as they are used to finance new capital expenditure.

Interest and Investment Income

All interest and investment receipts are credited initially to general funds.

Pensions

The pension costs that are charged against precept in the Town Council's accounts, in respect of its employees, are equal to the contributions paid to the funded pension scheme for those employees.

These contributions are determined by the fund's actuary on a triennial basis and are set to meet 100% of the liabilities of the pension fund, in accordance with relevant government regulations.

The next actuarial valuation is due 2020, there were no changes at the last valuation.

The Local Government Pension Scheme is accounted for as a defined benefit scheme.

**Shrewsbury Town Council
Statement of Accounting Policies

Annual Return- Section 1

The Town Council must respond to a number of Assertions in the Annual Governance of the Annual Return. Below is the manner in which the Town Council is comfortable in responding in the affirmative to those Assertions.

**Shrewsbury Town Council
Annual Governance Statement
31st March 2017**

Assertion 1 – Financial management and preparation of accounting statements

We have put in place arrangements for effective financial management during the year and for the preparation of the accounting statements

Budgeting – The preparation of the Budget and the Monitoring thereafter is the responsibility of the Finance & General Purpose Committee. The Budget is prepared annually at the December meeting of the Committee in readiness for Full Council approval in January and onward notification to Shropshire Council of precept requirement to meet their end of January deadline. Actual performance against budget is monitored quarterly by the Committee. Additionally in the event that the Town Council is to take on a new project or service there is a full review of the Council's ability to maintain/sustain that activity ahead of implementation.

Accounting records and supporting documents – The Town Council appointed its Accountant as the Responsible Financial Officer (RFO) to be responsible for the financial administration of the Town Council in accordance with s151 Local Government Act 1972. The RFO has determined a system of financial controls that meets the size of the organisation whilst discharging the Town Council's duties under Regulation 4 Accounts & Audit Regulations. Prompt recording of all financial transactions is carried out through the RBS Omega Financial Accounting Package with this package facilitating the preparation of the End of Year Accounts as well as the accounting statements in Section 2 of the Annual Return.

Bank Reconciliation – All accounts held by the Town Council are reconciled by the RFO on a monthly basis as well as annually in preparation of the end of year accounts and the Annual Return. There are also internal controls which place a duty on both the Town Clerk and also a Member of the Town Council who is not a member of the Finance & General Purpose Committee or a Bank Signatory to validate those reconciliation reports.

Investments – The Town Council holds a number of investments to ensure that any amounts surplus to the current requirements achieve as maximum a return on investment as possible. All these investments are invested in accordance with the DCLG Guidance on Local Government Investments reported to the Financial & General Purpose Committee who review the Council's Investment Strategy on an annual basis.

Statement of Accounts – Arrangements are in place to enable the preparation of an accurate and timely statement of accounts in compliance with its statutory obligations and proper practices. In 2009 when the Town Council was established it fell within the requirements for FRSSE Accounting, but following the "Limited Assurance" Audit being extended to the Town Council, members agreed to continue with the preparation of the more detailed accounts; this allows for greater transparency for the public on how public funds are used but also provides better monitoring between accounting years.

The Town Council has noted that FRSSE has been replaced by UK GAAP (FRS102) for financial years commencing on or after 1 April 2016 and have prepared the accounts for 2016/17 to reflect this change as recommended by JPAG.

Assertion 2 – Internal Control

We maintained an adequate system of internal controls, including measures designed to prevent and detect fraud and corruption and reviewed its effectiveness

**Shrewsbury Town Council
Annual Governance Statement
31st March 2017**

Standing Orders & Financial Regulations – The Town Council has recently reviewed and amended its Standing Orders and Financial Regulations in light of recent changes to procurement rules. These documents are reviewed annually for effectiveness.

Safe and Efficient Arrangements to Safeguard Public Money – The Town Council operates a number of practical controls on how it safeguards money including how the authority orders goods and services, incurs liabilities, manages debtors, makes payments and handles receipts, with the RFO having formal responsibility for administering the Town Council's financial affairs.

- i All orders for payment are signed by any two of six member signatories on the main bank account
- ii The Town Council has an Imprest Account to allow for smaller day-to-day transactions; this account requires two of either the six member signatories or the Town Clerk, Operations Manager & RFO
- iii Changes to accounts with banks or financial institutions are approved by Full Council with the signatories to those accounts being reviewed annually
- iv Corporate Credit Cards are held by the Town Clerk & RFO to ensure the day-to-day business of Council is maintained; these have defined limits and are cleared monthly by direct debit from the main bank account.
- v The Town Council reviews its Risk Assessments annually including its policy on the prevention of Fraud and Corruption.

Employment – All employee remunerations are approved by the Town Council and all payroll matters including duties under employment legislation and pension obligations are undertaken by the Shropshire Council Payroll Team. As a regular check the Internal Audit reviews a sample of salaries whenever he visits.

VAT – The RFO has set in place a robust arrangement for handling the Town Council's responsibilities with regards to VAT ensuring that regular returns are made to HMRC.

Fixed Assets & Equipment – The RFO maintains the Town Council's Fixed Asset Register ensuring the register is updated with any new purchases or disposals with appropriate arrangements for the use of any capital receipts.

Review of Effectiveness – The Town Council annually reviews its effectiveness of its internal controls as part of the end of year accounting process; this in turn feeds into the preparation of Section 1 of the Annual Report.

Assertion 3 – Compliance with laws, regulations and proper practices

We took all reasonable steps to assure ourselves that there are no matters of actual or potential non-compliance with laws, regulations and proper practices that could have a significant financial effect on the ability of this smaller authority to conduct its business or on its finances.

Acting within its powers – The Town Council is keen to ensure that all decisions it makes are within the existing statute, therefore members are well aware of the list of Statutes & Regulations that it must work towards. The Mayor (in the case of Full Council) and the various Committee Chairmen have a duty to ensure that any item which is placed on an agenda falls within the powers and duties of a Local Council.

General Power Of Competence – In accordance with the Localism Act 2011 and the Parish Councils (General Power of Competence) (Prescribed Conditions) Order 2012, the Town Council resolved that it had met the criteria to use the General Power of Competence at its Annual Town Council Meeting in May 2013 following the last Council Elections.

Assertion 4 – Exercise of public rights

We provided proper opportunity during the year for the exercise of electors' rights in accordance with the requirements of the Accounts & Audit Regulations.

Exercise of Public Rights – In accordance with ss26&27 Local Audit & Accountability Act 2014 the RFO publishes the Annual Return as well as the Unaudited Statement of Accounts on the Town Council's website and on our Noticeboards. The RFO prepares a statement that sets out details of how public rights can be exercised as set out in Regulation 15(2)(b) including the period for the exercise of public rights. In addition to publication on the Town Council's Website and our Noticeboards an advertisement is taken out in the Shropshire Star and Shrewsbury Chronicle.

External Auditor's Review – in accordance with Regulation 16 of the Accounts & Audit Regulations, the RFO publishes on the Town Council's website and our Noticeboards a Notice of Conclusion of the external auditor's limited assurance review of the annual return.

Assertion 5 – Risk Management

We carried out an assessment of the risks facing this smaller authority and took appropriate steps to manage those risks, including the introduction of internal controls and/or external insurance cover where required.

Identifying & Assessing Risks – The Town Council undertakes an assessment of risk for every facet of its work and there are specific Risk Assessments for all specialist areas. In addition annually the Town Council undertakes a general assessment of risk using the LCRS Software and all areas requiring further action are reported annually to Council.

Assertion 6 – Internal Audit

We maintained throughout the year an adequate and effective system of internal audit of the accounting records and control systems.

Internal Audit – The Town Council has appointed Auditing Solutions to undertake its programme of internal audit, looking primarily at the effectiveness of its risk management, control and governance processes taking into account current guidance for smaller authorities. The Auditors visit the Town Council 3 times a year and provide a comprehensive report on work undertaken; this is presented to the Finance & General Purposes Committee for consideration. Additionally members are all informed when the Auditors are visiting should they wish to discuss any matter personally. Annually we review the effectiveness of the Internal Audit process to ensure that it meets the size, needs and functions of the organisation.

Provision of Information – All necessary steps are taken to facilitate the work of those conducting the internal audit and all staff and relevant information are made available to assist in the process. The Responsible Financial Officer oversees the process.

**Shrewsbury Town Council
Annual Governance Statement
31st March 2017**

Assertion 7 – Reports from Auditors

We took action on all matters raised in reports from internal and external audit.

Internal Audit Reports – All internal Audit Reports are presented to the Finance & General Purposes Committee for sign off and consideration of actions. Those actions are reported in the Minutes as a permanent record.

Assertion 8 Significant Events

We considered whether any litigation, liabilities or commitments, events or transactions, occurring during or after the year-end, have a financial impact on this smaller authority and, where appropriate have included them in the accounting statements.

Significant Events – The Town Council is not aware of any events that took place in the financial year that have a financial impact on the Town Council, however cognisance should be made of the following:

- i The Town Council continues its discussions with Shropshire Council following the publication of its Financial Strategy in which a number of key public assets have been placed at risk. This may have an impact on the future direction and financing of the Town Council should members wish to take a more hands-on role in the future management of these assets.
- ii Due to the development of the University Centre Shrewsbury, the Town Council has relocated to a long-term base in the Library. Work still needs to be done to ensure effective public interface and meeting space.
- iii The Town Council Leaders have commissioned Consultants to review the effectiveness of the Town Council including its Management, Administration and Operational Functions; they are due to report on their findings and present their recommendations in June.
- iv The Local Council elections took place in May 2017. Whilst there was no change to the political direction of the Council there are 8 new council members that are in the process of being inducted into the work of the Council.

Approval of Statement

This statement was approved by the Full Council on Monday 26th June 2017 when authority was granted for the Mayor of Shrewsbury and Town Clerk to sign.
