

BT Phone Box – Decommissioning Plans for Shrewsbury

| Ward       | Location                                | Mth Use |     | Previous comments   | Councillor Comments   |
|------------|---|---------|-----|---|---|
| Underdale  | Racecourse Ave/Monkmoor Rd              | 28      | New |   |   |
| Sundorne   | Sundorne Ave/Sundorne Rd                | 12      |     | Continues to have significant use & given that there are still pockets within the town with poor mobile signal, it still provides a significant community benefit | This facility should be retained, it is used quite often  |
| Monkmoor   | Abbots Green                            | 0       |     | No Objection  |   |
| Copthorne  | Mytton Oak Rd by Shopping Parade        | 9       |     | Continues to have significant use & given that there are still pockets within the town with poor mobile signal, it still provides a significant community benefit |   |
| Sutton     | Scotts St/Rocke St - ?? Can't find      | 2       | New |   |   |
| Column     | Mere Close/Springfield Way              | 0       |     | Continues to have significant use & given that there are still pockets within the town with poor mobile signal, it still provides a significant community benefit |   |
| Column     | London Rd by Shops at Column Roundabout | 14      |     | Continues to have significant use & given that there are still pockets within the town with poor mobile signal, it still provides a significant community benefit |   |
| Harlescott | York Rd/Worcester Rd                    | 67      |     | Continues to have significant use & given that there are still pockets within the town with poor mobile signal, it still provides a significant community benefit | The phone box is very rarely use by the general public and is a magnet for anti-social behaviour, vandalism and drug dealing. After my own observations and comments from local residents I have no objection to its removal. |
