Shrewsbury Town Council list of Tree Planning Applications registered between 17 October 2026 – 13 November 2026

	Ref	Address	Proposal	STC Tree Officer decision
1.	**26/03767/TPO**	70 Bishop Street, Shrewsbury, Shropshire, SY2 5EZ	Reduce height by 10-15ft and crown thin by 30% 1no. Copper Beech protected by The Shrewsbury Borough Council (70 Bishop Street) Tree Preservation Order 1968 (SA/45)	The Town Council objects to this application as the description of works provided in the application is not detailed enough. This appears to have a significant amenity value for the area being one of the few trees in the area that are on the roadside and not in rear gardens. There is no mention of reducing the crown away from the building or lifting the tree to negate and highway issues in the application. Do Shropshire Council Highways need to check the slabs outside the property to establish the issue? Some of the photos seem to indicate that the blocks have settlement rather than being lifted. Have these been lifted to establish the issue?
